DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless —

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7 are rejected under 35 U.S.C. 102(b) as being anticipated by Napierala US5953213.

Napierala discloses (see cover figure):

A re-arrangement sheet comprising a insulating sheet (see multiple sheet making-up carrier 2), said insulating sheet having an element mounting region (see uppermost sheet and/or adhesive 11) defined thereon; and conductive metallic patterns (9,22/21,) formed on the insulating sheet so as to surround, and not extend into, the element mounting region.

Napierala also discloses the above wherein:

- Said conductive metallic patterns comprise electrodes for wire (20,23)
- Said conductive metallic patterns are metallic wiring patterns/conductive metal plated patterns
- Said conductive metallic patterns comprise a pattern of an underlying plated pattern 9 on an upper surface of the insulating

sheet and a conductive metal plated pattern (21/22) on this underlying pattern

- An insulating adhesive (Col 3., lines 64+) in the element mounting region
- Said insulating sheet is an adhesive sheet

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: Claims 8-15 are allowed for reciting a rearrangement sheet on the upper surface of the semiconductor element other than a region wherein bonding pads are present, in combination with all the other structural features specifically recited in the claims.

Applicant's arguments with respect to the claims have been considered but are moot in view of the new grounds of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Application/Control Number: 09/930,710

Art Unit: 2827

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
